JERICHO

IDW's Post-Nuclear Option

If they can survive a nuclear attack, they can certainly get through some publishing difficulties!

They're the characters of *Jericho*, the critically acclaimed cult-favorite CBS television series that was cancelled after just two seasons. The series focused on the residents of a Kansas town who found themselves cut off from the rest of the world in the aftermath of a nuclear assault. As the series progressed into its second season, the people of Jericho learned the fate of their nation—and the identity of the conspirators who unleashed the nuclear holocaust.

In 2009, *Jericho* made the jump from the small screen to the comic book page courtesy of Devil's Due Press—but problems led to one delay after another, leaving some to wonder if they'd ever get the whole story. It turns out that, beginning in early 2011, they will!

IDW Publishing and CBS Consumer Products are continuing the comic book series based on the television series that would not die. Continuing directly from the finale of CBS's post-apocalyptic drama, IDW's *Jericho* is more than just a licensed adaptation—it is a direct continuation of the series, conceived and written by the original creative team behind the TV show. "Initially, *Jericho* is a six-part limited series, finishing up the story

because they are the reason Jericho is here to stay."

"This group is the group that started this show, and we wanted to continue it that way," Shotz said in the 2009 Comic-Con International panel that first announced the comic, "and we wanted to keep true to the story that was planned... we wanted the characters to look like the characters, the stories to be from the writers of the show."

As to why the TV series team isn't writing the comic, Shotz added that "what TV writers don't know is that comic book writing is hard, really hard. In the comic book world, you don't get to cheat, you have to know every detail, and it's been a great experience learning that."

How closely does the comic book story follow the ill-fated third season of *Jericho*? "It's probably the same story that would have been told, but now we get to see it and engage with it," executive producer Jon Steinberg said. "The show was conceived for network TV, but the story never was."

"We're very excited to be part of this universe," IDW Chief Operating Officer Greg Goldstein said. "*Jericho* is a powerful story with a very active fan base, and we're happy to be able to continue this adventure with them."

IDW's continuation will kick off in February with not one but *two* releases. The first, *Jericho Redux*, collects the three issues of the series originally released by Devil's Due, repackaged into a single book and supplemented with extra material to prep readers for the series' continuation. The second February release, *Jericho #4*, continues the story as envisioned by Dan Shotz, Robert Levine, and Jason M. Burns, written by Matthew Federman, with art by Matt Merhoff and covers by Scott West.

From there, the story will continue on a monthly basis in March and April, bringing *Jericho*'s first story arc to a close.

Jericho Redux, a 72-page full-color \$7.99 comic, and *Jericho #4*, a 32-page full-color \$3.99 comic, are both scheduled for February release.

Dynamite in SyFy's Warehouse

Warehouse 13, the offbeat series about a super-secret warehouse where all sorts of strange and anomalous artifacts are stored, has thrilled its viewers with two seasons' worth of strange misadventures involving H.G. Wells' time machine, sentient computers, Jacob Kurtzberg's belt, and many other unusual items of historical significance. And this summer, it'll offer twice the excitement when it returns for its third season as a television series and its premiere run as a comic book!

Dynamite Entertainment has signed a comprehensive license agreement with NBC Universal Television, DVD, Music and Consumer Products Group to produce *Warehouse 13* comic books. "We're very excited to be working with our friends at Dynamite Entertainment, again," Chris Lucero, Director of Global Licensing, NBC Universal Television Consumer Products Group, said. "With Dynamite's stable of thrilling storytellers and talented artists, we're confident that *Warehouse 13* will stand side-by-side with some of the best comics in the industry today."

"It's a fantastic opportunity for Dynamite to bring a popular TV Show such as *Warehouse 13* to the comics market," Dynamite President Nick Barrucci said. "Dynamite's *Warehouse 13* comic books will be an excellent companion to the TV show. We're launching in July to coincide with the premiere of Season 3 of the show, and we have some very exciting promotional opportunities for the comics market; we're teaming up with Universal and Syfy to promote the series, which should allow for increased awareness and outreach."

For those who haven't followed the show and its seemingly-tailor-made-for-comics concept, Dynamite offered a synopsis:

"*Warehouse 13* follows two Secret Service agents who find themselves abruptly transferred to a massive, top-secret storage facility in windswept South Dakota which houses every strange artifact, mysterious relic, fantastical object and preternatural souvenir ever collected by the U.S. government. The Warehouse's caretaker, Artie Nielsen (Saul Rubinek) charges Agents Pete Lattimer (Eddie McClintock) and Myka Bering (Joanne Kelly) with chasing down reports of supernatural and paranormal activity in search of new objects to cache at the Warehouse, as well as helping him to control the Warehouse itself."

Dynamite plans to launch its comic book series in July 2011 to coincide with the debut of the third season of *Warehouse 13*. Look for more info on creators involved in the project in the near future.

that began with Devil's Due," IDW Chief Creative Officer Chris Ryall said. But if it's well-received, we—IDW and the creators of the show both—would love to continue the series from here."

When it became obvious that Devil's Due was having publishing difficulties, "CBS/Paramount, with whom we've had a great working relationship, asked us if we'd be able to finish the series. Since there were definitely fans of the show here, we were happy to do that," Ryall said.

"The creators and producers of *Jericho* are so excited about working with IDW to continue the comic book series," Dan Shotz, executive producer of *Jericho*, said. "*Jericho* thrives because of the fans that fight for this story on a consistent basis. We have to thank the fans

The following comics and comics-related books are tentatively slated for release on the dates given, based on the latest information provided by the publishers at press-time. If no date is listed, the books are tentatively scheduled for release sometime in the month of January.
